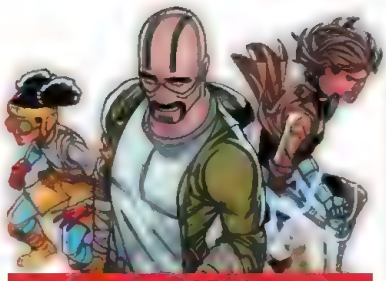
WHAT MARVEL CHARACTER ENCAPSULATES MARVEL THE BEST FOR YOU - AND WHY?

When you think about Marvel comics, you obviously think about super hero stories-- the cosmic threats, the epic fights, the Earth in danger. But for me, it's the drama that sustains the characters: the thing that gives them depth, the everyday situations, the feeling of being part of a big family combined with the awesome action. I think the characters that show it better are the X-Men-Women. Fighters, teachers, pupils, weapons of mass destruction watching TV in pajamas in a school which has a stealth plane on the playground. In my opinion, Lobdell and Bachalo's GENERATION X was one of the best titles ever done in Marvel's history.

WHAT DO YOU ENJOY MOST ABOUT DRAWING FOR MARVEL?

I love to give my own vision of the characters of the books that I read when I was a kid. To do some research to understand them, what they have done, what they want, and then I try to give a look that reflects my point of view. I also love working with writers who I really admire and have the privilege of reading their stories before anyone else, to see what they do with the characters and adapt my way of drawing to the mood they want for the book. One of the greatest parts of the job is to explore new ways to tell stories discovering new graphic solutions.



JAVIER GARRÓN

WHAT DO YOU ENJOY MOST ABOUT DRAWING FOR MARVEL?

It's pretty wild when I stop to think about it- I'm drawing the comics I've loved my whole life. I always wanted it but not even in my wildest dreams was it possible, coming from a small town in the very south of Spain. And here I am, and it's incredible. But the best part is, without any kind of doubt, the people working at Marvel. The editors, the staff and the other artists working there. You read their names in the credits of your favorite stories every month, but there's a person behind it, and they're the true heroes. Every comic has a lot challenges, and every single month all those people give their 200% to sort out everything and make sure the Marvel Universe keeps happening every week. Working with them is a delight and a privilege, I look forward to the sound of the email inbox notifying me there's a new mail.

WHAT WAS YOUR FIRST MARVEL COMIC?

The first one was.... I feel old now... a Spanish edition that had both a Fantastic Four and Spider-Man story. The FF faced... The Puppet Master! That smile on his face was so scary! And the poor Thing and Alicia Masters! I think I didn't quite understand back then everything that was going on, but I was mesmerized by the imagery. And Spider-Man battled... Sandman! It was wild and crazy and I couldn't take my eyes away! I got lost between all those panels, and luckily I'm still wandering there.

RUSSELL DAUTERMAN

WHEN DID YOU REALIZE YOU WANTED TO BE AN ARTIST AT MARVEL?

My memory of this is super hazy, but when I was a kid, I entered a drawing contest that Marvel had. I drew the Invisible Woman and Mr. Fantastic, and won a piece of art by a Marvel artist, of those same characters -- it was in a frame alongside my rudimentary drawing and hung in my bedroom. That gave little me a lot of hope, and was the first time I seriously thought I could be a Marvel artist.

WHAT WAS YOUR FIRST MARVEL COMIC?

I was first introduced to Marvel through *X-Men: The Animated Series* (I was obsessed!) and jumped into X-Men comics because of that. Uncanny X-Men #302 is the first comic I vividly remember owning. I opened it up to an amazing two-page, vertical spread of Storm--I've been hooked ever since!

ARTWORK OF MARVEL'S RISING STARS

MARCO CHECCHETTO

WHAT WAS YOUR FIRST MARVEL COMIC?

A story of Spider-Man from MARVEL SUPER-HEROES issue #14: "The Reprehensible Riddle of… The Sorcerer!" by Stan Lee, Ross Andru, and John Romita Sr.

WHAT MARVEL CHARACTER ENCAPSULATES MARVEL THE BEST FOR YOU - AND WHY?

Marvel has so many wonderful characters and I love them all, but the real heart of the House of Ideas remains the historical characters created in the 60s. Who absolutely encapsulates the true spirit of Marvel, for me, is Spider-Man. The true symbol of the "super hero with super problems." We are all Peter Parker.

AARON KUDER

WHAT DO YOU ENJOY MOST ABOUT DRAWING FOR MARVEL?

I enjoyed all the wack-a-do craziness that is the Guardians of the Galaxy. Crazy sci-stuff really pushes one as an artist... Not only do you have to draw everything you can think of, but you have to come up with a lot of things that you wouldn't think of. I found listening to a lot of Bowie and Daft Punk helped. Currently I am drawing In nity Countdown which is still mostly sci- but with much bigger stakes.

WHAT WAS YOUR FIRST MARVEL COMIC?

I'm sure it wasn't my first Marvel comic, but the first one that pops to mind is a collection of MARVEL TEAM-UPS. This wasn't a reprinting of the Marvel book titled Marvel Team-Ups, but a collection of some of the first times various characters had met... TALES OF SUSPENSE #58 that had Captain America vs Iron Man (who turned out to be the Chameleon in disguise), SILVER SURFER #4 with a gorgeous battle between Surfer and Thor (with Loki playing his tricks), etc., etc., etc... Still have it even though the binding is completely nonexistent now.

MIKE DEL MUNDO

WHEN DID YOU REALIZE YOU WANTED TO BE AN ARTIST AT MARVEL?

Well, as a child in the '90s I would always blurt out I'm going to be a comic artist and draw the X-Men. But I would say I made a solidified decision yeeeeeears later when I was in College for Graphic Design. Seeing my peers drawing my favorite Marvel characters brought me back to childhood and it gave me that good feeling; I quickly realized that design was great but drawing comics was my passion.

WHAT DO YOU ENJOY MOST ABOUT DRAWING FOR MARVEL?

Well first of all, drawing your favorite childhood superheroes is pretty awesome! Secondly, I love the creative freedom comics gives you. My first passion was b-boying (breakdancing) and that was all about originality, creating your own moves, and expressing your personality. I feel like comics is very similar in that you're recognized based on your own distinct style and how you tell your stories, and Marvel nourishes that aspect and allows you to explore and grow as an artist.
